Company profile

Hycos was founded in Shanghai, China in 2009. Hycos's patented scanning module can reduce power consumption by up to 94% and is targeted to be the smallest and lightest ring scanner on the market. The Hycos ring scanner brings scanning technology into a totally hands-free scenario. Hycos products are today in use in more than twenty countries.

SCALA Group represent Hycos in the UK and throughout Europe. SCALA was founded in the UK in 2001 and has specialised in the warehousing and distribution sector throughout its history. SCALA operates globally and has a Joint Venture in China.

Working scenarios
